## Memorandum

OEA

99

140.22

410

747

DATE : November 15, 1979

TO : Robert Murray

FROM : Pete Herault

SUBJECT: EPA Regulations Implementing the Clean Water Act

For your information, attached is a copy of recent EPA Regulations implementing the Clean Water Act. These regulations require that a spill of ten pounds or more of PCBs into any surface water of the United States be reported to the federal government and cleaned up immediately. Penalties of up to \$250,000 can be assessed on the perpetrator of such a spill, depending on the circumstances.
